

I went to sleep today thinking about my nigga Flipper  
I was in the streets all day, try not to remember  
I'm heavy contemplating, I don't know if I should send the hitter  
Somebody tell 'em stop playing with him before I kill him  
Yo pale mwen mal, yo pale nou mal  
They be forgetting to tell you how I went and got it  
I'm on a whole other wave, ain't promoting violence  
I really be slipping everyday, but it ain't no robbing  
I just got her some braces now, she want a new body  
I would've picked it up the same way too if you dropped it  
I be sharing the same pain with all the lifers  
Tonight I'm pulling out the champagne for all the lifers  
My brother wicks said every gun, he has silencers  
I know you niggas be hearing me screaming "Snipe 'em"  
Mwen pa ka viv san ou, mwen paka viv  
Mwen sonje'w anpil, m sonje'w anpil  
I sent the record label their contract back to 'em  
I told 'em send the shit back with a few more on it  
I don't want no girlfriend, baby, I want me a woman  
Even though I got her now, I'ma still treat her like I want her  
Sitting in a cell, niggas scared they might catch corona  
Like, how the hell I'ma cry, if I ain't got a shoulder?  
Mwen pote'w monte, m pote'w monte

Yeah, se lavi

M'ap plede mache nan ale prizon  
M'ap priye Bondye m pa vin ankò  
Shit was terrible for me, I ain't have a penny  
I don't care how fine she is, I'ma need her to go to see the clinic  
I put it out like I'm crazy, but I was playing  
I heard everything that everybody was sending  
I went to sleep today thinking about my nigga Flipper  
I think my momma house need to be little more bigger  
I can hold my own dick, dog, 'cause I'm a man  
Say take these shackles up off me, so I can dance  
Tande, kè m panse ou pa renmen m vre

Gen on bagay m'ap fè la, se brase, m'ap brase la
