

Stay

Kodak Black

(G06 goin' crazy)

Stay, why you don't you stay?
How's it so easy to be away?
Why don't you need me like I need you, bae?
I still feel lonely when we're alone
Why don't you hold me? Is there something wrong?
Want you to stay, so you why don't you stay with me?
How's it so easy to be away me from me?
Why don't you need me like I need you, bae, baby?
I still feel lonely when we're alone
Why don't you hold me? Is there something wrong with me?
And are you sure, bae, that everything's fine?
What must I do for you to spend some more time with me?

I gotta move different
Gotta stay out my feelings
I can't know I'm slippin'
I been movin' different
I been on some other shit, this ain't the liftoff
You ain't really even fuckin' with me and you got me hooked off
This shit ain't even me, this shit is not it
You make it plain to see that we ain't locked in
You make it plain to see that we ain't locked in
This shit ain't even me, this shit is not it
Even in a swimming pool, you on the other side
I'ma get me another boo, got you another guy
Know there's another bitch, you ain't even gotta lie
I woke up mad as shit 'til you down by my side
You rolled over, open your eyes and you see me, nine in the morn'
So that mean she already know I was all night, ain't never come home
Talkin' to this bad bitch, can't never get her on the phone
You hate it for yourself 'cause you can't never leave me 'lone

Stay, so you why don't you stay with me?
How's it so easy to be away me from me?
Why don't you need me like I need you, bae, baby?
I still feel lonely when we're alone
Why don't you hold me? Is there something wrong with me?
And are you sure, bae, that everything's fine?
What must I do for you to spend some more time with me?
