

# Wake n' Bake

Kodak Black

Get a lil Kodak, man  
This for all my niggas on the paper chase, man  
Do whatever it take to get that cake, man  
Ain't no other way tryna hit the street, man

Look, put me in the game, I'm just tryna make a play  
This for all my niggas out here, tryna make it shake  
Smokin' purple, every mornin' they gon' wake n bake  
Poke in windows, early mornin', call it wake n break  
Put me in the game, I'm just tryna make a play  
This for all my niggas out here, tryna make it shake  
Smokin' purple, every mornin' they gon' wake n bake  
Poke in windows, early mornin', call it wake n break

Call it February, how I drop a 28  
Put me in the game, coach, so I can make a play  
All my people, in the bleacher's, we gon' celebrate  
When my homie crossed over, had to fade away  
This for everybody, grew up off of section 8  
Keep your head up, cause you gon' see a better day  
Wake n bake, smokin' purple, buzz like a grape  
Wake n pray, pick your winners, then get in your place  
Stephen Curry for the guap, 30 to your face  
So much money on my mind, I can't even think  
You can't even close your eyes, niggas come and take  
Watch the niggas you around, don't you even play  
Boy, I swear to God, I just caught another case  
Tired of makin' momma cry, stressin', losin' weight  
Baby, I can't be your hero, I can't save the day  
But, I'm superman fly, with my fuckin' cape

Look, put me in the game, I'm just tryna make a play  
This for all my niggas out here, tryna make it shake  
Smokin' purple, every mornin' they gon' wake n bake  
Poke in windows, early mornin', call it wake n break  
Put me in the game, I'm just tryna make a play  
This for all my niggas out here, tryna make it shake  
Smokin' purple, every mornin' they gon' wake n bake  
Poke in windows, early mornin', call it wake n break

All my niggas takin' chances, I know how it go  
Wake n break, poke your window, we just pop and go  
Playin' with them bands, I ain't talkin' rock n roll  
This for all my niggas locked up, eatin' sloppy joes  
All my niggas hungry, they say they need a plate  
Put me in the game, coach, so I can lead the way  
I'm just glad to be here, to see another day  
Road runnin', gotta get it, head that other way  
I need a meal, but for now, I need a hunnid K  
You gon' get it, if you wait, that's what my momma say  
I had dreams of bein' a man, since the second grade  
While you niggas gettin' pussy, I'm just gettin' paid  
Gettin' jacked, boy, car jackin', switchin' lanes  
Yeah, we found a chop shop, took it with a day  
Came up, off of cash, for gold snatchin' chains  
How I'm finna shine, everybody throwin' shade

Look, put me in the game, I'm just tryna make a play  
This for all my niggas out here, tryna make it shake  
Smokin' purple, every mornin' they gon' wake n bake  
Poke in windows, early mornin', call it wake n break  
Put me in the game, I'm just tryna make a play  
This for all my niggas out here, tryna make it shake  
Smokin' purple, every mornin' they gon' wake n bake  
Poke in windows, early mornin', call it wake n break
