She got me for my money
Took my bloody dollar bill
Snorted all my candy
Then and went and got all of her girls
Now they're lined up down the hallway
And I know they don't love me
But tot come to get the money
They come to get the money

Reggeaton station playing too damn loud
Senoritas passed out on the couch
Wish I knew a little espanol, so I could tell these bitches to
go
Now there's panties on the lampshade
Mezcal bottle barely half drank
Freaking out the fucking house maid
But everybody likes to get paid

So she fucked me for my money
Took my bloody dollar bill
Snorted all my candy
Then and went got all of her girls
Now they're lined up down the hallway
And I know they don't love me
But they fuck me for my money

Haven't been here a full damn day
Already tore up and about to play
With this mariachi band that said they liked the way I dressed
After singing "Feliz Navidad"
I witnessed a donkey show and fell in love
With the prettiest damn girl that Mexico had ever seen

Then she got me for my money
Took my bloody dollar bill
Snorted all my candy
Then and went got all of her girls
Now they're lined up down the hallway
And I know they don't love me
But to fuck me for my money
They got me for my money

They got me for my money - Got me for my money
