

Drug Problem

Koe Wetzel

Well, I got a drug problem
I'll do anything
I got a drug problem
I got 'em running through my veins
I got a drug problem
And I don't know what to do
I got a drug problem
And my favorite one is you

Well, I met a girl
I think she might of said her name was Molly
But I couldn't tell
'Cause the music was so damn loud
She must've cast a spell
I fell in love and fell into a disco hell
That I didn't mind attending

I got a drug problem
I'll do anything
I got a drug problem
I got 'em running through my veins
I got a drug problem
And I don't know what to do
I got a drug problem
But I gotta say my favorite one is you

Hold up now
It's hard to say I'm addicted
If you could somehow
Find it in your heart to throw me some pennies
Then I could probably get out
From the grip that holds so tightly
Somebody please send help
'Cause she's got me where she wants me

Well, I got a drug problem
I'll do anything
I got a drug problem
I got 'em running all through my veins
I got a drug problem
And I don't know what to do
I got a drug problem
And the worst one is you
Yeah, the worst one is you
And the worst one is you
