

## Pre-Sellout

Koe Wetzel

Listen I know he wants to do this whole punk-country-rock-hillbilly shit  
But have you heard the record?  
It fucking sucks ass!  
I mean, listen, listen to this shit!

No, I get it  
But if he's selling records and he's selling tickets, then who really gives a shit?

No, no, no I understand  
I'm just saying I think that once he gets comfortable with us  
We try and turn him to the pop side  
Make a little extra cash with this sick while we can
