

# Shine

Koffee

Sun's out, issa siren  
Gun violence tiring  
Rise up, issa crime scene  
Dem ah try clean like hygiene  
I wanna go chase my dream  
But Babylon vampiring  
Have dem eyes pon my brother life  
Ah that's why dem stay conspiring

Unless at my concert, nuh want see no hands up  
Yeah, no red shirt, nuh want see no handcuff  
Let's just stay alive, yeah  
Youths haffi find a way fi put the 9 away, ayy  
Peace and love finally  
I've got to shine, you've got to shine like

Doop doop da dum  
Doop doop da da da da  
Mmm, mmm yeah  
Uh, uh yeah

Oh Lord, have mercy, shine your light pon me, yeah  
Guide me, show me ah what my eyes can't see

Yeah

Me nuh give you no pill ah nuh pharmacy  
Dem nuh give we no pillow, no rest  
Never rest, me nuh chill, me go hard, you see  
Why dem want put Koffee to the test?  
From me born, mommy know say me blessed  
Put a cross pon me necklace  
When me walk, me nuh restless  
Thank the Lord me protected

Melodies my remedies  
Can't do, ayy, felonies  
Bad energies don't look good pon you, ayy  
Telling these, my fellow g's  
All enemies dem too  
Just believe and you'll achieve whatever you want do

Thankful fi rise today, ayy  
Life just reminded me, mmm  
We're diamonds, we shine away  
Precious, defined  
Just take your time

Doop doop da dum  
Doop doop da da da da  
Mmm, mmm yeah  
Uh, uh yeah

Oh Lord, have mercy, shine your light pon me, yeah  
Guide me, show me ah what my eyes can't see

Yeah
