She's Deadly

Koffin Kats

Poisoned by beauty, she keeps me in her web Lips laced with venom, it puts me close to death I try to escape, she always pulls me back Constant reminder that I'm just a pet

And yes she's deadly
She's so deadly
She breaks you apart and tears out your soul, deadly
She's so deadly
I can't forget cause she can't let me go

Caged as a dead rat

She treats me like a dog

Burns me with tasers and tells me I'm wrong

she says she'll kill me, I know somebody she will

Look at me bleeding, with love for her still
