

# Sleep

Koffin Kats

Well you may feel better at night,  
Yeah you're busting out all those pills,  
Well how many nights has it been,  
Oh you know I'm waiting still,

Well sleep isn't far away  
Well the clock is a laughing face  
Oh reality's real surreal, yeah  
I'm ready to come out and play

Well sleep,  
Oh baby sleep  
Come on sleep,  
We'll be the haunted memories and sleep,  
Oh baby sleep,  
Come on sleep,  
We'll be the nightmare in your dreams and...

Feel the same cold sweat,  
Well, the monsters are under your bed,  
I'm sitting here behind that door  
Next sleep I'm in your head once more

I'm the ghost you've always feared,  
Oh the demon whispers in your ear,  
Exhaustion setting in again,  
Welcome to Nightmare Lane,

Well sleep,  
Oh baby sleep  
Come on sleep,  
We'll be the haunted memories and sleep,  
Oh baby sleep,  
Come on sleep,  
We'll be the nightmare in your dreams and...

Hey yeah well oh no

Well sleep,  
Oh baby sleep  
Come on sleep,  
We'll be the haunted memories and sleep,  
Oh baby sleep,  
Come on sleep,  
We'll be the nightmare in your dreams,  
Haunted memories, Nightmare in your dreamscape
