Ain't My Problem

Kofi

Blacking out
Blacking out
Blacking out

Blacking out the way I'm saying poor me
Expensive with my time you can't afford me
Since we're being honest, you annoy me lately
Watching on your bitches with a floor seat
Runnin' round the city like you ain't my problem
Runnin' round the city like you ain't my problem

Yeah

You ain't been a hunnid how you posed to
Like you to forget how much I know you
Runnin' round the city like you ain't mine
That shit always make it back to me before you
Can't believe I treat you like an angel
Independent lover no labels
Never thought of us when you were dissin' and switchin'
I told myself ill never play the victim

But now I'm blacking out the way I'm saying poor me
Expensive with my time you can't afford me
Since we're being honest, you annoy me lately
Watching on your bitches with a floor seat
Runnin' round the city like you ain't my problem
Right
You runnin' round the city like you ain't my problem
Yeah
Like you ain't mine

Yeah

You run around the city but you always make it back to me
Cardio immaculate you should of been an athlete
Actually
Tell me where you been in reality
Cause I ain't ever seen you here
I'm just speaking factually
You turned into a city girl
Posting pics with sticks n shit
Why you moving grungier than half my other niggas is
Why you moving uglier than most when you the prettiest
Girl spin back for me

Blacking out the way I'm saying poor me
Expensive with my time you can't afford me
Since we're being honest, you annoy me lately
Watching on your bitches with a floor seat
Runnin' round the city like you ain't my problem
Yeah
You runnin' round the city like you ain't my problem
Yeah
Like you ain't mine
