Word around the block, these niggas rats, I hear the squeakin'  
Pull up in your city, only tell you when I'm leavin'  
I guess I was ready when they threw me off the deep end  
Easy to make money, niggas don't know how to keep it  
Pull the racks out, I might cash out (Yuh)  
Got my hoodie on, don't make me back the mask out (All black)

Soldiers know it's calculated if I lash out  
I'm not a hot head (Nah), that's how I got bread (Yeah)  
If I don't eat my words, that's a lot said (True)  
But if we gotta do it, we gon' do it (We gon' do it)  
With nobody ever knowin' how we do it (How we do it, how we do it)

I could show you how we ball and how we do it  
Only trust my niggas, 'cause I know that they been through it  
Gotta keep them with me, they was with me from the start
