

She from Barcelona  
Can't afford her  
Had to invite the shordy to my place

She said tengo ganas  
Link mañana  
Si quieres ir al mia no me Importe  
She Hot like Arizona  
Can't control her  
She faced a wood and then she sip Bombay  
She a true performer  
Can't ignore her  
Ibiza ain't the place to fall in love

But you  
You got a nigga fallin'  
If it ain't you then I won't fall in love no more  
But you want a nigga balling  
If I went broke would you be my be be  
If I went broke would you be my be be

She came over  
Now we're sober  
Without the Hennessy she still look great  
She lives cross the border  
The Distance torture  
And would she love me if I showed no face

She said  
I know you're super fly lemme fly with you  
You know I'll hold it down, ride or die with you  
But you know a nigga blowing up and  
This ain't the time for me to fall in love

But you  
You got a nigga fallin'  
If it ain't you then I won't fall in love no more  
But you want a nigga balling  
If I went broke would you be my be be  
If I went broke would you be my be be

You got a nigga fallin'  
If it ain't you then I won't fall in love no more  
But you want a nigga balling  
If I went broke would you be my be be  
If I went broke would you be my be be
