Doing It Right

Kofi

```
Yeah
Might call me crazy but you've been on mind
You say you hate me but you still know you're mine

It's too much alcohol in my system to leave you alone tonight
I'm in my zone tonight
You could leave your man you won't miss him you know he ain't doing i
t right
I'll fly you out overnight
The way you take my words and you twist them girl you'll make a storm
 tonight
You know I don't wanna fight
But I will
You know I will for you
I will

Cause no matter what you say or what you do
When I'm alone I'd rather be fuckin' you
You know you're not the only one and it's true
It's naive for you to think that I'm stuck with you
Yeah
And it's naive for me to think about you

You're way too messy you could never be for me
Each time you say my name it's a different story
And your body's the only thing that was ever real about you
It's been a couple months still don't know how I feel about you
I can't stand you

It's too much alcohol in my system to leave you alone tonight
I'm in my zone tonight
You could leave your man you won't miss him you know he ain't doing i
t right
I'll fly you out overnight
The way you take my words and you twist them girl you'll make a storm
 tonight
You know I don't wanna fight
But I will
You know I will for you
I will

Cause no matter what you say or what you do
When I'm alone I'd rather be fuckin' you
You know you're not the only one and it's true
It's naive for you to think that I'm stuck with you
I know its tough for you
I know it sucks for you
I hop in my DM's I hop out with another you
Ain't even a player I still come up with W's
I could have double you's if I wanted
