

Don't Lie

Kofi

I ain't got the time
For you to play me
I don't need no women in my life
Saying save me
When you say you love me don't lie
Baby
When you say you love me don't lie
Don't lie
Don't
Yeah

Where you at?
Where you been?
Tell me you've been anywhere except with him
Tell me you're an angel and you're innocent
Tell me that I'm crazy I ain't tryna spin

Lie to me
Lie to me
Tell me I should trust you then you lie to me
You try to piss me off and then you cry to me
Cry to me
You know

I ain't got the time
For you to play me
I don't need no women in my life
Saying save me
When you say you love me don't lie
Baby
When you say you love me don't lie
Don't lie

Rockstar
Yeah
You don't tell me the truth hey
So I put all your shit back in your suitcase
It's over with the dirty games you been play
How you steady clubbing on a Tuesday?
Girl you're too fake
Fuck it I'll be ready for ya
I heard you fuck with Jeremiah
Now you're just a bloody liar
Why can't you just treat me better?
We should be there for one another

Ohh...

I never envisioned that you gon' do me this way
Gave you all my heart and you sold it on Ebay
Let the song play
Put it on replay
I can do away the pain but let the scar stay

I promise baby Imma find a way
Ain't gon' be here in another day
All day all day you know girl Imma be here for you anyday

Good bye for drama days
Fuck you baby you could run away
Don't come between my sanity
Imma be back on my feet again

I ain't got the time
For you to play me
I don't need no women in my life
Saying save me
When you say you love me don't lie
Baby
When you say you love me don't lie
Don't lie
Don't
Yeah
