Kofi

No no no no no  
She's still my baby

Yeah  
She likes parties  
She likes drugs  
She likes kisses  
She likes hugs  
Love is something  
That she don't give a fuck about  
She might fuck you  
But she don't give a fuck about you

She a gangster  
She a thug  
She a freak  
She a dub  
Trust is something  
That she don't give a fuck about  
She might fuck you  
But she don't give a fuck about you

And I know, I know, I know, I know, I know you changed  
But the last time we spoke you said I was the one that caused you pain  
So I said fuck you  
Bitch don't text me fuck you  
Don't dm me, fuck you  
I don't wanna fuck you  
Ain't got nothing for you  
I don't wanna cuff you  
No emotions for you  
Ain't no loving for you

Hey  
I don't really want no drama with my ex bitch  
I know you're hearing all these songs that I sing bout you  
Guess it's crazy how I'm on to the next bitch  
And she bad but I swear I still think bout you

I don't really want no drama with my ex bitch  
I know you're hearing all these songs that I sing bout you  
Guess it's crazy how I'm on to the next bitch  
And she bad but I swear I still think bout you

She a hunnid  
At the start  
Take your money  
And then your heart  
If you go broke, then she don't give a fuck about  
She'll say fuck you  
Cause she don't give a fuck about you

She likes secrets  
She likes trust  
Got a nigga mixing love and lust  
She wants secrets that she can't tell her friends about  
You gon tell her

Then she gon tell her friends about you

And I know, I know, I know, I know, I know you changed  
But the last time we spoke you said I was the one that caused you pain  
So I said fuck you  
Bitch don't text me fuck you  
Don't dm me, fuck you  
I don't wanna fuck you  
Ain't got nothing for you  
I don't wanna cuff you  
No emotions for you  
Ain't no loving for you
