

I Know

Kofi

Let's get drunk
And what
You say you're out side
And what
You put me in a mood, I do too much
You want me to tie you down but I'd rather tie you up

You don't fuck with me I know
I know
I know
I know I know I know
I know

You wan break up with me I know
I know
I know
I know I know I know
I know

Let's get drunk
And what
You say you're with your side piece
And what
Don't start these petty games, I do too much
I was with two girls in Amsterdam and made them double Dutch
Don't know what's wrong with me I'm

Too gone off the casa, babe
Twelve shots of the casa, babe
Tasting like you're not my baby
Tasting like you're not up waiting for me
For me

I won't big you up you conceited already
Don't act like you played me I beat it already
When you say you cheated I cheated already
I promise your numbers deleted already
I got a new uck asking me to go steady
I call her lil Caesar's she hot and she ready
I'm thinking bout you every time that she get me
And you might forgive me but never forget me I know
I know
I know
I know I know I know
I know

You wanna break up with me
I know
I know
I know I know I know
I know

(You don't fuck with me I know
I know
I know
I know I know I know
I know...)

Blacked out in Paris
The citys scary
I'm too lit to talk about us getting married
Tonight
Tonight
But I need you to comfort me right now
Don't wait
Don't wait
I need you to comfort me right now
Don't wait
Don't wait
I need you to
