

## Pettyboy

Kofi

Hit you with a block, unfollow second that I heard you move greazy  
Every minute girl we off then we on I'm not a dog, but I make it look easy  
Go get you a pretty boy, cause I'm a Pettyboy that's all I'll ever be  
She said she could fuck with any boy, I'm not just any boy so why you texting me

Catch me on a beach in Ibiza fucking on your best friends each  
She ain't loyal she a skeez, she a freakaz and she's the one who told you you should leave (me)  
And she's going through your texts on a mod ting so where you think I'm getting all the tea  
You doing the most out of spite but I'm pettier than you could ever be  
(Pettier than you could ever)

Hit you with a block, unfollow second that I heard you move greazy  
Every minute girl we off then we on I'm not a dog, but I make it look easy

I know you're mad at me  
You got your reasons girl I gave you nuff  
No I ain't innocent I wrote an album just to piss you off  
I guess it's hurting me knowing I lost a diamond in the rough  
I tried to drown the pain and found a girl who's none of the above

And I don't fuck with her, I just fuck with her to fuck with you  
But I fucked it up cause I fuck myself by ducking you  
I been bucking had to ask your friend what's up with you  
Can't give up on you gave you space it's been a Month or two

Hit you with a block, unfollow second that I heard you move greazy  
Every minute girl we off then we on I'm not a dog, but I make it look easy
