

Story of My Life 2

Kofi

It's Kofi

These days I feel there's money on my head
This the type of shit that keeps me up when I try to go to bed
Nightmares of fake friends who wanna see me dead
I stay with bro he keeps that glizzy told him fill it up with lead

I've seen some dark days
I've seen some long nights
I've seen some souls lost on them front lines in them gun fights
I've seen some fake friend
Seen niggas switch sides
Can't share my pain with you but I could probably show you what it feels like

That's how it goes
They always said that life's a bitch I can't be mad at her
I always tried to hide my pain but I'm a bad actor
I put it all into these stories that I write
So if u listen that's the story of my life

I grew up dumb and fast, we was down to risk it all
They say I'm lucky I ain't dead and I ain't stuck behind a wall
I know my mom at home just wishing that I call
My side of town I'm the big dawg but I am still her little boy

Told her for you Imma get it
Stand on my word if I said it
These niggas greedy they leaches
Eat me alive if I let em
They always acting too hot
But I can not even sweat em
Your niggas slide on my block
We'll spin your block Armageddon
That's how it goes

They always said that life's a bitch I can't be mad at her
I always tried to hide my pain but I'm a bad actor
I put it all into these stories that I write
So if u listen that's the story of my life

So Imma stay hungry see I gotta win
They gotta free all my dogs out the bin
I know I'm heaven sent but I still sin
Bro getting dizzy, all he know is spin

Swear I've been grinding for half of my life
They almost caught my lil bro at the light
I ain't no quitter you know Imma fight
Bitch I'm a dog if I bark, Imma bite

I could do drugs but I know it won't help
I keep it pushing and keep to myself
Run to the money whenever in doubt
I took my emotions put them on the shelf

I've been hurt so many times
Took too much shots below the belt

These niggas crossed so many lines
My head's so hot that it could melt

The poor and the rich I seen both sides
Ops and my bro's I seen both die
Stay on the block with a 45
I can't leave my bitch we got soul ties

Power shut off we had cold nights
There's parts of myself that I don't like
Everyday gambling I gotta eat
I can't play it safe so I roll dice
That's how it goes

They always said that life's a bitch I can't be mad at her
I always tried to hide my pain but I'm a bad actor
I put it all into these stories that I write
So if u listen that's the story of my life
