Third Degree

Kofi

I hop up in the car and I'm floorin'
They was sleepin' on me they was snorin'
I made money, it made me important
But it ain't important to me
Yeah I got my issues but that doesn't matter
Because I got people to feed
I know niggas that hate on the kid for no reason
But fuck 'em we all gotta eat
We pull up [?] Range truck
The girls in my DMs is shameless
They say that my lifestyle is dangerous
But it ain't dangerous to me
I got some niggas [?], they ain't in for no burglary
My niggas do hits for real, first, second, and third-degree

Now I got a check on me
These shorties they check on me
I ain't buyin' no [?], she can't even have sex with me
How you say you my baby girl?
When you can't get a text from me
Oh you tryna flex, a milli' in cash, well that ain't a flex to me
I could switch up my flow, now I ain't no regular rapper
I am the type to just do what I want
And say "fuck it, I'll deal with it after"
No, I ain't from no block
But I seen a lot more than these niggas, they cappers
And I prolly did a lot too, but I'll never bring that to the booth

You might catch me [?], I been tourin'
No, my shorty ain't from here, she foreign
They say if she ain't foreign she boring
But they all kinda boring to me
I like to provide for the ones that I love
And that's all that's important to me
I just stick to my hustle and grind
You ain't with me you wastin' my time

I hop up in the car and I'm floorin'
They was sleepin' on me they was snorin'
I made money, it made me important
But it ain't important to me
Yeah I got my issues but that doesn't matter
