Kofi

I love you, But I don't love the things that you do  
Hey!

I don't like you, But I ain't find nobody like you

Yeah, It's Kofi!

She wanna fuck with da mob, she wanna slide to the telly  
She wanna ride in the car when we hitting them licks and we mak  
in' a killly  
She know she bad, she bougie, but she wanna ride with the fellas  
She trynna talk about love with a nigga that she know ain't got  
any feelin's

She wanna cuff me, love me, fuck me til I love no more  
But I won't ever love no hoe, and I can't ever trust no more

I love you, But I don't love the things that you do  
I don't trust you! Hey!  
I don't like you, But I ain't find nobody like you

Yeah, she crazy, that girl she make me crazy  
She always misbehavin'  
You always acting up and reckless but you're still my baby  
And every night I'm up, I'm restless  
Thinkin' will you play me, thinkin' will you betray me  
But I still love you, want you, teach me how to trust  
You're my one true love, I don't just want to fuck  
Be my lady, don't play me, just keep it a buck with me  
Girl, you are my one true love [?]

You wanna come from the block, you wanna make all the waps  
She wanna hit all the licks with my niggas and she wanna carry  
the Glock  
She's always hittin' the blunt with the killers and she never k  
now how to stop  
She wants to O'D, she's off the codeine so she can't even walk

She wanna cuff me, love me, fuck me til I love no more  
But I won't ever love no hoe, and I can't ever trust no more

I love you, But I don't love the things that you do  
Hey!

I don't like you, But I ain't find nobody like you
