

Down down down down

I lock the doors and drive out in a Rouge (In a Rouge)  
Taking off her shirt and off her shoes (Haaa)  
I can't even think you got me fucked up shordie  
She said life is better when you've gone off Molly  
I don't even know what the fuck to do (What to do)  
In my hearts I'm in Cali with the boo (With the boo)  
If she's bout the action I cannot tease her  
Shordie from Dubai even got no visa

But if it's bout the vibe, it's a vibe (It's a vibe)  
Shordie almost died, she so high (She so high)  
She can only laugh when she's fucked up, yeah (Fucked up yeah)  
She can only love when she's fucked up, yeah (Fucked up yeah)  
She just popped a Vive, it's a vibe (It's a vibe)  
She just living life for the high (For the high)  
She can only laugh when she's fucked up, yeah (Fucked up yeah)

So the next days passed  
Weeks passed  
Damn I'm thinking 'bout her  
She in rehab  
Deep thoughts  
Body in withdrawals  
Then she relapse, when she told me, I was like "Oh well," (Like "Oh well")  
She said: "You ain't never cared about me, Kofi, go to hell"  
I'm upset  
I'm ashamed  
Was embarrassed, now I'm stressed  
She come over  
We make up, kissing and you know the rest  
Now she on me, onward, popped another long one  
She know I don't play that

If you fuck around and die
