

# Same Boat

Kojey Radical

Yeah, yeah, yeah  
Gotta be, wanna be  
Gotta be, wanna be  
Gotta be, wanna be  
Wanna be, wanna

Please don't think less of me, mama  
I'm chasin' destiny, mama  
Don't know who blessing me, mama  
Just gotta be grateful  
Can't bring no stress to you, mama  
Just want the best for you, mama  
Try keep my head above water  
Just gotta be careful

I tell karma take a seat, I'm on my way (I'm on my way)  
Just tryna make money, like a nigga made mistakes (Made mistakes)  
I used to pray for what I wanted every day  
Now me and God conversations ain't the same (Ain't the same)  
Still, I gotta be grateful, just gotta be grateful  
I take all that pressure and put diamonds in my halo  
I know that they watchin' me, still gotta be careful  
They say love and they say hate go in the same boat

All these chains around my neck, just keep my chest heavy (I gotta shine)  
Can't miss my chance to shoot my shot 'cause we don't get many  
My little man from 'round my way said he wanna do what I do  
Do as what I say, don't do what I did 'cause I just did what I could  
How many times I compromised all of my pride for respect  
I just spent like thirty thousand tryna cure my depression  
I admit that I got lost, I think I needed directions  
Funny how dyin' always teach us the most valuable lessons  
What a world we livin' in, this life ain't promised my nigga  
Here today but get caught lackin', you an RIP nigga  
Need no vest on me, mama, angels invest in me, mama  
All them nights that you would pray and keep your faith in me, mama  
All that work inside the kitchen, that's your recipe, mama  
I just pray that they don't put me on the menu like mama  
What do I do when the devil keep on testin' my honor?  
Finish readin' the Bible and go to sleep with my choppa

Please don't think less of me, mama  
I'm chasin' destiny, mama  
Don't know who blessing me, mama  
Just gotta be grateful  
Can't bring no stress to you, mama  
Just want the best for you, mama  
Try keep my head above water  
Just gotta be careful

I tell karma take a seat, I'm on my way (I'm on my way)  
Just tryna make money, like a nigga made mistakes (Made mistakes)  
I used to pray for what I wanted every day  
Now me and God conversations ain't the same (Ain't the same)  
Still, I gotta be grateful, just gotta be grateful  
I take all that pressure and put diamonds in my halo  
I know that they watchin' me, still gotta be careful

'Cause I know love and I know hate go in the same boat

Had to stay afloat  
Since I was a child, I been a brave soul  
Even when my file was someone's case-load  
Round 285 like merry-go  
Angels lit my fire when it was so cold (So cold)  
Treadin' water since I been my mama's daughter  
I'm a seed, gotta feed the ones that farmed her  
Keep it sweet, keep it peaceful, but they know I'm a problem (They know)  
Can't believe it, it's my season and I'm grieving my papa  
Call me  
You know I'ma have it up my sleeve (Up my sleeve)  
Mama, you the one I love supreme  
You was gassin' me just like I was supreme  
I'ma keep my eyes wide, all night  
There's thieves, Devil's foot soldiers walkin' my way  
Watch, watch, I'ma send 'em back where they came  
Lioness, for my pride, for my set, rip chests

Please don't think less of me, mama  
I'm chasin' destiny, mama  
Don't know who blessing me, mama  
Just gotta be grateful  
Can't bring no stress to you, mama  
Just want the best for you, mama  
Try keep my head above water  
Just gotta be careful

I tell karma take a seat, I'm on my way (I'm on my way)  
Just tryna make money, like a nigga made mistakes (Made mistakes)  
I used to pray for what I wanted every day  
Now me and God conversations ain't the same (Ain't the same)  
Still, I gotta be grateful, just gotta be grateful  
I take all that pressure and put diamonds in my halo  
I know that they watchin' me, still gotta be careful  
'Cause I know love and I know hate go in the same boat
