

# Beer Bottle Boogie

Koko Taylor

Have the beer let shout it out  
I don't know what you shout about  
Have the beer let shout it out  
I don't know what you shout about  
Shout the beer bottle boogie  
'Cause baby it just come out

Well, a sort of depress and ready to roll  
Beer bottle boogie can save your soul

'Cause it's the beer bottle boogie you know  
Beer bottle boogie for sure  
Everybody joining beer bottle boogie now

Well, I don't like beer when it goin' too fast  
I don't like foam and a muggy glass  
You pour out slow  
And then the bits come on  
I drink good beer when I go home

I got a beer bottle boogie you know  
Beer bottle boogie for sure  
Everybody joinin' beer bottle boogie now

Well, let's go now Cap'  
You know you got so high  
The kinda piano, 'cause he thought he could fly  
Get down on the floor must've hollered his head  
Everybody talking old cunt was there  
The first thing he say when the squinch came back  
Pour me some beer in a bucket can

'Cause it's the beer bottle boogie you know  
Beer bottle boogie for sure  
Everybody joining beer bottle boogie now

Beer bottle boogie  
Beer bottle boogie  
Ooh, beer bottle boogie  
Beer bottle boogie  
Beer bottle boogie  
Beer bottle boogie now

Beer bottle boogie  
Beer bottle boogie  
Ooh, beer bottle boogie  
Beer bottle boogie  
Beer bottle boogie  
Beer bottle boogie now
