

# It Took A Long Time

Koko Taylor

Oh, it took a long time  
To get you off my mind  
Oh, it took a long time  
To get you off of my mind  
Said you don't like my fishing  
But you keep on wetting your line

Oh, it took a long time  
To see you doing me wrong  
Oh, it took a long time  
To see you doing me wrong  
Well, you tell me that you're leaving  
But I don't miss the time you're gone

Oh, you're like a dog, baby  
Carrying a bone  
You don't want it  
But you won't leave it alone  
You had me eating  
From the palm of your hand  
Snap your finger, baby  
I run to your command  
Oh, it took a long time  
To get you off my mind  
Said you don't like my fishing  
But you keep on wetting your line

Oh, you're like a dog, baby  
Carrying a bone  
You don't want it  
But you won't leave it alone  
You had me eating  
From the palm of your hand  
Snap your finger, baby  
I run to your command  
Oh, it took a long time  
To get you off my mind  
Said you don't like my fishing  
But you keep on wetting your line

Oh, it took a long time  
To make me feel this way  
Oh, it took a long time  
To make me feel this way  
Well, I cried you a river  
But now it's your time to pay  
Said I cried you a river  
But now it's your time to pay  
Well, I cried you a river  
But now is your time to pay  
Well, I cried you a river  
But now is your time to pay
