

Something Inside Me

Koko Taylor

My baby won't treat me right
He got me singing blues every night
I'd leave him if I only could
'Cause I know he don't mean me no good
But there's something, something inside me
Whoa, it's my heart that makes me stay here with my baby

My baby, he's so unfair
He got me pacin' the floor, tearin' out my hair
I'd leave him if I only could
'Cause I know he don't mean me no good
But there's something, something inside me
Whoa, it's my heart that makes me stay here with my baby

He made me talk of the town
They all compare me to a so-called clown
I had to choose between love and pride
I choose love 'cause I just can't hide
That there's just something, something inside me
Oh, it's my heart that makes me stay here with my baby

My baby won't treat me right
Oh, he got me pacing the floor
Won't come home at night
Whoa, I don't know what I'm gonna do
Whoa, I just can't stay here with you
Oh I can't take it no more
Lord, somebody has got to go
Oh yeah, yeah, yeah
