There's only so many many ways you can tell a person how you feel
After beating around a bush so long your standing in an empty field
I've tried and tried to let you down nice and slow and tell you what you want to hear
But it seems to me there only two words that come across crystal clear

Cause I've tried kiss my ass, go to hell
Leave me alone and wish you well
Come on girl it ain't that hard
To keep that piece of shit car out of my front yard
I'm tired of this shit I've been moved on
Ain't no reason it should taken this long to say this to you
If you really can't tell were through then
Fuck you

There you go there it is I laid it all out of the floor
There ain't no excuses for you to call or text me no more
And what do you mean you think you and me could still be friends
Did you not hear what I just said
Here it goes I'll say it again

I've tried kiss my ass, go to hell
Leave me alone and wish you well
Come on girl it ain't that hard
To keep that piece of shit car out of my front yard
I'm tired of this shit I've been moved on
Ain't no reason it should taken this long to say this to you
If you really can't tell were through then
Fuck you

I ain't sorry but I prolly coulda been a little sweeter
Nah two words one finger

Cause I've tried kiss my ass, go to hell
Leave me alone and wish you well
Come on girl it ain't that hard
To keep that piece of shit car out of my front yard
I'm tired of your shit I've been moved on
Ain't no reason it should taken this long to say this to you
If you really can't tell were through then
Fuck you
