

Running Away

Kolby Cooper

Phone lights up at 3am
That's how I know you're drunk
And not with him
I don't care my walls are paper thin
If you were here I'd pull you close
Tell you things you already know
And let the candlelight tangle our shadows

Come on, baby, give me one night
I'll love you like a landslide
Ain't gotta spend your whole life running away
Girl, you get me going haywire
Swimming in your sapphires
Let's just be a wildfire running away

The words are on the tip of your tongue
I hear the shaky breath fill your lungs
That burning question loaded like a gun

Come on, baby, give me one night
I'll love you like a landslide
Ain't gotta spend your whole life running away
Girl, you get me going haywire
Swimming in your sapphires
Let's just be a wildfire running away

Come on, baby, give me one night
I'll love you like a landslide
Ain't gotta spend your whole life running away
Girl, you get me going haywire
Swimming in your sapphires
Let's just be a wildfire running away
Running away
