

Battle Over My Soul

Kollegah

You know I keep it gangster (Gangster)
You know I keep it real (Real)
Let's see how much pain you feel by that stainless steel (Steel)
Askin' how I feel, alhamdullah
Despite the devil weavin' webs like a tarantula
Listen to the preacher
Mark my words like a teacher
I only fear the Lord, never any of His creatures (Yeah)
Tr-trials gettin' rolled out like a pizza
Told the judge I got amnesia (Yeah)
Sentence given like ouija
Learned to love the dark (Dark)
Nobody wrote me letters
Turned into a shark (Shark)
Nobody told me better (Better)
Livin' under pressure (Pressure)
Came out even fresher (Fresher)
All my senses sharp
I'm John Gotti to these rappers

And I keep my plans on the low, tell less than I know
There's devils out there roarin' in this battle over my soul
Better stack your money, act broke, tell less than you know
'Cause devils out there roarin' in this battle over your soul
Better keep my plans on the low, tell less than I know
There's devils out there roarin' in this battle over my soul
Better stack your money, act broke, tell less than you know
'Cause devils out there roarin' in this battle over your soul

Boss, catch me in the trap like a grizzly (Grizzly)
Daimler-Benz movin' swiftly (Swiftly)
Handle my business strictly (Strictly)
Pullin' hammers like Thor (Thor)
You challenge me for no logical reason (Ugh)
Have you ziplocked, then shipped off to a tropical region
Cigar smoke, six-figure shows (Yeah)
Gettin' Oprah money like a figaro
This game taught me no empathy
Man, fuck these bitches like a gigolo
Got rappers sellin' their souls like Aleister Crowley, hell is their home, s
ee
I'm so high above that you can see me with the telescope only (Telescope onl
y)
When I was a child (Child)
Before I even heard of zombies (Was?)
I felt like the only human being in a herd of zombies (Yeah, yeah)
When I'm old, I'll use the shotgun as a crush, I'm with the OGs (Yeah)
That police raid don't bother that much

Better keep my plans on the low, tell less than I know
There's devils out there roarin' in this battle over my soul
Better stack your money, act broke, tell less than you know
'Cause devils out there roarin' in this battle over your soul
Better keep my plans on the low, tell less than I know
There's devils out there roarin' in this battle over my soul
Better stack your money, act broke, tell less than you know
'Cause devils out there roarin' in this battle over your soul
