

ZEITGEIST

Kollegah

Asche fällt aufs Interieur (Yeah)
Regen prasselt auf die Frontscheibe schwer
Full-Ice-Cartier (Ah) vom Konzessionär
Sorgt für mondänes Flair wie ein Bond-Regisseur
Gejagt von den Geistern dieser Zeit
Ich geb' kei'm von euch High Five, aber schlage wieder ein (Yeah)
Streaming-Bitches in den Charts wissen Bescheid (Ah-ah)
Es ist wie mit Adele: Die fetten Jahre sind vorbei (Haha)
2021, ihr seid Schmutz von gestern (Ja)
Zeit, dass man dem König wieder Luft zufächert
Trag' zum Schutz die Kevlar
Denn kriegt der Boss mal Herzschmerz, dann durch Brustschusstreffer durch se
in'n Luxussweater (Yeah)
Désolé (Ah), mein Leben ist bald Prison Break
Denn ich werd' ständig vor Gericht zitiert wie'n Tischgebet
Auf der Villa liegt 'ne Schicht von Schnee
Showbiz macht schizophran, je ne veux pas discuter

Black on black (Black), Bulletproof Vest (Ja, ja)
Autobahn, Fast Lane ohne Speedlimit
Laid-back (Ah) im Panzerglas-Benz (Benz)
Mittelfinger an den Zeitgeist, Free Spirit!
Black on black (Ah), Bulletproof Vest (Ja, ja)
Autobahn, Fast Lane ohne Speedlimit
Laid-back (Ah) im Panzerglas-Benz (Benz)
Mittelfinger an den Zeitgeist, Free Spirit! (Ja)

Die Welt ist erblindet
New Babylon, satanic kingdom
Hier bist du schnell auf dem Index
They censor me in German (Ja), so I tell 'em in English
Vampire empire, suckin' out our life force
Knights of the apocalypse, behold the white horse
Child loss, lies spread like wild moss (Yeah)
Let the wise Lord guide me on the right course
Met the devil in his purest form
With his unique horns like unicorns
He offered me a deal to be a newly born music star
I left him and his contract rudely torn
Time to change the game like a Skyrim mod
You can't block God's vengeance with a lightning rod (Never)
Like Nimrod in his kingship fighting god (Yeah)
That's the icing on the top like Himalayan rocks
They let the old world die, it's time to resurrect
'Cause you'll never catch a giant with a lion trapper's net
I let 'em sweat like a rifle to their heads
Storm the building, see my enemies, they flee over the fire-ladder steps
I ain't soft like Kanye, always whinin' on his tracks
Hope he finds back to his ex like with pirate-treasure maps (Yeah)
See, I got no time for that (No), steady pilin' up those stacks
Smilin', gettin' violent with an iron-dagger set (Ayy)
I got 'em hooked like a Nike sweater dash (Dash)
Blitzattacke, Blitzattacke, thunderstorm, flash
Gangsters on steroids, not shudderin' with death
Transportin' heroin like that Wonder Woman jet
You bring that quarter-million check (Yes), dopamine effect (Check)
Filthy rich, even though I'm launderin' my cash

Never ever have they caught us in the act
I got goons who turn assassins soon as they have brought their daughters into bed
I let you ponder upon death while I'm at poker stackin' chips
Gettin' saved on the river like Moses as a kid
Kid, nobody gave me roses as a kid (No)
All I've seen was people dyin' from overdoses as a kid
Look, I don't debate, I let money talk
And this is somethin' like the calm before the thunderstorm
Haters eat their hearts out like a zombie horde (Uh)
'Cause I'm not a pussy who's afraid of doin' things I haven't done before (Yeah)
And I ain't never lyin' or snitchin' (Never)
Snowman in spring, see that white boy drippin'
Ice-cold sippin' in the Learjet, timezone switchin'
Man, I always had to fight for a livin'

Black on black (Black), Bulletproof Vest (Ja, ja)
Autobahn, Fast Lane ohne Speedlimit
Laid-back (Ah) im Panzerglas-Benz (Benz)
