

Stinky Air

Kolohe Kai

Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air

I was on my phone when i heard what you said, yeah
Your Immature words just went over my head
La la la la la la la
For me its water under the bridge
So i don't even bother to refrigerate
your words of hate
I gotta tell you that...

Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air
i gotta tell you that
Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air

You're just a face crook and a instant scam
but i don't try to fake it, I'm just who i am
Yeah eee Yeah e e e
But you can hide behind your screen
type of words are so mean
but I'm just going to sing with my heart
while you sit there playing tricks in the dark

Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air
i gotta tell you that
Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air

no

you only like to talk when you are online
yeah eee yeah
but i just walk the walk cuz my feet is fine
i dont talk trash to white life
cuz im a pretty nice guy
i just like to have fun
while you can wait till im done
but ill never be done
no ill never never never be done

i gotta tell you that
Everybody's talking, and i really don't care
They can just
Keep on keep on talking

I can't hear their stinky air
i gotta tell you that
Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air
