

Push

Kongos

Open with your best line
It's my second time trying to make a first impression
They told me it would take time
But I'm not in the mood for another lesson

So why you gotta push
I'm a magnet
Only half of you will do
The other half, turn away
I can't look at you and do what I need to do

I'll tell you what I want is immaterial
I'll tell you what I need, it's ethereal

So why you gotta push
I'm a magnet
Why you gotta push
We are magnets

So why you gotta push
Don't you know you gotta turn it around
I'm a magnet
Why you gotta push
Don't you know you gotta turn it around
We are magnets

I remembered it once
But forgot it twice
I gave into my wants
Against all other advice

So now I gotta push
Like a madman
I keep spinning around like a rat on a wheel
I guess it's not really something you can buy or steal

I'll tell you what I want is immaterial
I'll tell you what I need, it's ethereal
I'll tell you what I want is immaterial
I'll tell you what I need, it's ethereal

So now I gotta push
Now I gotta push
Like a madman
So now I gotta push
Don't you know you gotta turn it around
Like a madman
Now I gotta push
Like we're mad men

So now I wanna push
I'll tell you what I want is immaterial
Now I wanna push
I'll tell you what I need, it's ethereal

So now I wanna push
Now I wanna push

So now I wanna push
