

Stand Up

Kongos

Stand up, and take me to your leader
Sit down, and tell me 'bout your freedom

Look left, tell me how you've lost your way
Look right, show me how you're found again

Now if I could change the flow of time
I'd break that strange, that old design
Cause you're turned around, you're upside down again

Stand up, and take me to your leader
Sit down, and tell me 'bout your freedom

Look left
Now if I could change the flow of time
Tell me how you've lost your way
I'd break that strange, that old design
Look right
Cause you're turned around, you're upside down again
Show me how you're found again

Look left
Now if I could change the flow of time
Tell me how you've lost your way
I'd break that strange, that old design
Look right
Cause you're turned around, you're upside down again
Show me how you're found again
