

I Remember

Konshens

I remember when
People said I ain't got it now I got it
Lambo truck riding
Make these bitches feel sorry
Sliding down Collins with your dime
Shoot one off that's a nine
I see ones it's a sign
No replay no rewind

I ain't got time, got all these bitches in my face
Got money on the way
Watch what you say when you coming round'
The way please don't talk if you don't got money in the bank
Shawty what's your thing?
Do you like to smoke?
Or do you like to drink?
We can do both
We should let it flow
You look like Aaliyah so we can rock the boat
I already know
How it's bout to go
I already know you want it more now than later
I don't count favors I never been a hater

I remember when
People said I ain't got it now I got it
Lambo truck riding
Make these bitches feel sorry
Riding down Collins with your dime
Ride around with a nine
I see ones it's a sign
No replay no rewind

I remember when
Gyal never wan' give mi dem body like that
Just like that no strings attached
Yes dawg, I remember that (Mi remember that)
I remember when
Food never deh deh fi put inna no pot
Alone bread back, no pot no knock, no plate fi wash

I remember when
Dem tell me said mi would never make it
Coulda dreams if mi woulda see dem gyal a naked
When the money dem start pile up
All of a sudden everybody
Come a give you rating
Keep it real until the day I fall
Coming from the days
When I had nothing at all

But you better know, man never stop
Cause he better tho'
Dem tell me me stuck woulda never grow
But now dem a knock just fi get a loan
Make it Pon your own
Me di have mi own

Feeling like a king sitting on the throne
Money turn when mi get inna me zone
Looking at the haters like hate your life
(Ye, ye)

I remember when
People said I ain't got it now I got it
Lambo truck riding
Make these bitches feel sorry
Riding down Collins with your dime
Ride around with a nine
I see ones it's a sign
No replay no rewind

Yo recuerdo que
Cuando me decían que no lo lograría
Cuando yo era un niño mi abuelita decía
Solo cree en ti
