Mhmmmm

But only god know how that possible
Wid the circumstances given
Survival shoulda be impossible
Jah say man nuffi live by bread alone
But the price of a bread Now design fi we dead
Alone the crime rate elevate sky high
Everyday mama hold har head an cry
(Cry)

Everyman a look a way out
Way out
Nuh matter how it ago turn out
Nuh matter who ketch ina the grace fire
Everyman a try off a the food fi the mouth
So from the gail house to the funeral
To the bills dem hungry children
We need fi get a brand new script ina hurry
Cause everyday is the same story

Same story
Same story
Same story
Same story
I swear I heard this one before
To life there must be something more
It's the same story
Same story

I know I seen this one before
No wanna watch this anymore
Yoo

It's like the same song
But the lyrics dem never change
Match a gwan but the game Cah rearrange
Baay man deh pan the bench an a beg a change
But coach woulda never call the ref and try fi make a change
Opportunity fi one set a man alone
I wish I coulda play pan a team from another zone
A who you know and where you reside
Determine if you make the side
Yeahhh

Cause every man a look a way out
Way out
Nuh matter how it ago turn out

Nuh matter who ketch ina the crossfire
Every man a try off a the food fi the mouth
So from the Gail house
To the funeral
To the bills dem
