Hey mister bossy
No bother call mi
No bother text mi
No bother ping mi
Cause I've being working from early morning
And you've being stressing, stressing, stressing me out

I've being thinking about this all the time
When I finally go relax mi mind

And now am raving
And now am jumping
And now am wining
And now am drinking

Everybody sing
I can't hear you
Everybody sing
I can't hear you

We miss Behaving
Flags dem waving
We being raving till a morning
Gyal dem on, wind the gyal dem on discover like chaporling
Spread fun like a cancer
Wi a the answer to dem calling
Gyal dem sweat and a lose dem breath
And a get wet like revarling

What's up, what's up, what's up
Gyal a wine out and a act tough
Wi a drink and a get locked up
And still don't give a fat sheee
Yeh wi love si the girls jiggle up, jiggle up
Pon the tugs dem haffi big it up
Get alcohol and si the cup, si the cup, wi drinking

I just wanna live in this life
I don't wanna live just to die
Let us embrace to try
We were born to dance
I Just wanna go to a place
Where there's a familiar face
And I knew a me
We just be what we want to be
