

## Weak

Konshens

I tried so many times to take my mind off a you  
But it seems like this love is something i cannot control  
So many tears I've cried an sleepless nights over you  
And now I really cant deny oh no, I know that it's true

You have me weak, weak, weak  
You have me weak, weak, weak  
Weak, weak, weak  
You have me weak, weak, weak

I tried to change my mind  
But it's always tuff times

You have me weak, weak, weak  
You have me weak

I know it's hard to believe these simple words I said to you  
But the voice it just a vessel true withing  
What's in my soul  
And I know that your heart might just belong to someone else  
But if I can't have you baby I don't want no one else
