

When Ish Get Real

Konshens

Mi never born in a riches
But mi never swim with the fishes
God know, but mi nuh know
Why dem waan si wi sleep in a ditches
Suh mi just blood the road every night and day
And wi nuh care who nuh like and rate man
Come a shake hand like dem a angel
Dem pussy deh a walking satan

Smiley face a pray fi yo disgrace
Waan si you run last in a big race
Would a love si yo life get misplace
In this case

When shit get real
It's gonna show
So you got to know
Yes you got to know

It's gonna show
So you got to know
Yes you got to know

Friend from who a enemy to
How you fi be friends and a do things weh enemy do?
Like back stabbing, and crab grabbing
You si yo friend a rise and a try conker him
Mi nuh rate man weh pose up
Weh si man in a dem link and a force up
Some time you got to kick back, hold up
You wi see the real from the fake
And the dog from the snake
