

# Winning

Konshens

Mi coming from round a dutty road  
Round a hungry lane  
Round a white squall avenue  
Go through the hardest to make it  
What you think a ni-er like me gonna do  
You can call it hype if you want to  
You can say mi boasty  
Member you never know mi  
When mi did a hustle fi the trophy

F-k you am winning, winning  
Smile everyday, grinning  
Highest blaze in expensive sipping  
Wid the latest designers fitting

Am winning, winning  
Smile everyday, grinning  
The fat thing wipping  
Wid the day one ni-ers dem with wi

Dem talk all the time  
Mi stop hear  
Dem a look fi mi, am in thr sky's  
Am not here  
Mi hustling from cane rows and plat hair  
Not even a freezer cyaa cool down da hot air  
Mi name deh pon dem girlfriend lips, and her tongue to  
Even though wi did have to buy a extra mount a gun to  
Dem a glorify the wrong things, but a nuh we that  
Meck money, own thing, live life a we that  
It's so easy fi tek a life  
But it hard to protect a life  
So ghetto youth, member seh the reason wi work  
Haffi give wi self a better life
