

Bulldozer

Kontrust

Sometimes I wish I had a bulldozer - purple shining bulldozer
I take it for a drive - and I would run it over you
Sometimes I wish I had a bulldozer (bu-bu-bu-bull-yeah)

Sometimes I wish I had a bulldozer
Wish a pit bull terrier
An air force harrier based on a useless us aircraft carrier
Sometimes I plan to take revenge
I think about a brand spanking new tank
Cause I wanna thank you with a spank

Eliminate the things I hate
Don't interfere with me - don't interfere
And you can run but you can't hide
We're gonna get to you
We're gonna get you

Sometimes I wish I had a bulldozer - purple shining bulldozer
I take it for a drive - and I would run it over you
Sometimes I wish I had a bulldozer (bu-bu-bu-bulldozer)
Don't stop my ride - you better hide

Sometimes I wish I had a bulldozer
Or a yellow submarine to take over
Somtimes I wish to polish aladdin's lamp
The genie grants a gift a destroyed camp - or -
A tomahawk, a killer shark, The missile's locked
Your life is ending mind the clock

Eliminate the things I hate
Don't interfere with me - don't interfere
And you can run but you can't hide
We're gonna get to you
We're gonna get you

Sometimes I wish I had a bulldozer - I wish you had a bulldozer
I take it for a drive - and I would run it over you
Sometimes I wish I had a bulldozer (bu-bu-bu-bulldozer)
Don't stop my ride - you better hide

This has been my bulldozer
You have seen my bulldozer
Purple shining bulldozer

Sometimes I wish I had a bulldozer - purple shining bulldozer
I take it for a drive - and I would run it over you
Sometimes I wish I had a bulldozer (bu-bu-bu-bulldozer)
Don't stop my ride - you better hide

Sometimes I wish I had a bulldozer
Sometimes I wish I had a bulldozer
Sometimes I wish I had a bulldozer - I wish you had a bulldozer
I wish I had a bulldozer - bu-bu-bu-bulldozer
