

# Dance

Kontrast

You've got to dance  
Dance, dance, dance  
And maybe you turn me on

You want me to dance  
You want me to impress you with my moves  
I Would do anything  
To make you hot  
Start and look into my eyes  
And I will push with the groove

You've got to dance  
And maybe you turn me on, maybe you turn me on  
Dance, dance, dance  
Maybe you turn me on, maybe you turn me on  
If this is how you beat it, I cannot believe it  
Dance  
You've got to dance, dance, dance

You want me to dance  
You want me to show you I could be the one  
I can do everything  
You'd ever want  
Start and look into my eyes  
And I will push with the groove

And it goes left - right -right  
Right - right - left - forward  
What's that for - for anyways?  
Are you really worth it?  
Show me deep in - inside  
Inside and in out  
If this is how u beat it, I will not believe it

You've got to dance  
And maybe you turn me on, maybe you turn me on  
Dance, dance, dance  
Maybe you turn me on, maybe you turn me on

If this is how you beat it, I cannot believe it  
Dance  
If this is how you beat it, I cannot believe it

And I will make you dance  
And I will make you dance

You've got to dance  
And maybe you turn me on, maybe you turn me on  
Dance, dance, dance  
Maybe you turn me on, maybe you turn me on

If this is how you beat it, I cannot believe it  
Dance  
You've got to dance, dance, dance  
If this is how you beat it, I cannot believe it  
Dance  
If this is how you beat it, I cannot believe it

Dance

And maybe you turn me on, maybe you turn me on

Maybe you turn me on, maybe you turn me on
