

I Freak On

Kontrast

I live in yours
You live in mine
We live together out of time
I share in yours
You share in mine
We stick together out of time

I die in yours
You die in mine
When do we stop and draw the line

I freak on - I freak on - I freak on - I freak I'm damned to
I freak on - I freak on - I freak on - I freak I'm damned to
Born to - born to die - I wasn't born to die
Better be tough - yeah's rough - when you are born to die

I hide in yours
You hide in mine
We hide together out of time
I seek in yours
You seek in mine
We seek together for the dreams that we can not find

I die in yours
You die in mine
When do we stop and draw the line

I freak on - I freak on - I freak on - I freak I'm damned to
I freak on - I freak on - I freak on - I freak I'm damned to
Born to - born to die - I wasn't born to die
Better be tough - yeah's rough - when you are born to die

I freak on - I freak on - I freak on - I freak I'm damned to
I freak on - I freak on - I freak on - I freak I'm damned to
Born to - born to die - I wasn't born to die
Better be tough - yeah's rough - when you are born to die

I live in yours
You live in mine
I live in yours
You live in mine
I live in yours
You live in mine
