

The Butterfly Defect

Kontrust

Once said a - said a
Man who made me wonder
Repeat that in ma mind
Right away calibrating my mind
In my mind - in my mind
Kept at the back of my mind

Don't grieve us - just leave us
In our world of believers
I see ya - won't be ya
Don't wanna hear you say no

The sun will shine for you
Change to something new
Spread your wings - break through
Like a butterfly
It's all up to you
Change your point of view
Gotta leave your cocoon
You're a butterfly

Inspiration - exploration - inspiration -
Reincarnation - inspiration -
You're a butterfly (like a butterfly)

Once said a - said a
Man who made me wonder
Repeat that in ma mind

Right away backing up my mind
In my mind - in my mind
Kept at the back of my mind

Seekaz, seekaz - understand
What you need's a helping hand
Seekaz, seekaz find the beauty
Everybody lives a movie

Seek for that way to find
Right away calibrating my mind
In my mind - in my mind
Kept at the back of my mind

Why won't you try
So don't be shy
Come on and change your ways
Why won't you try
So don't be shy
Till the end of days

Whatever it takes
Whatever it heals
Whatever I'm reaching for I'm on my way
