

## U Say What

Kontrust

Should I get a new life -  
Brand-new young life  
Watch me back in childhood -  
Didn't have a reason  
Not to dream of - what I've ever dreamed of  
Express myself in a way that I believe in  
Cha-charge ma battery  
Cha-charge ma battery  
Cha-charge ma battery  
Why-why-why can't you see  
I don't need one - don't wanna get one  
Don't wanna hear your advice for my life  
It doesn't hurt to dream

I'm attacked when you say - what?  
I'm attacked when you say - go!  
I'm attacked when you say -  
I'm not gonna live it on and on!

You are wasting energy - I recommend reality  
Why shouldn't I do - what I've ever dreamed of  
Acting myself - in a way that I believe in  
Char-charged ma - ma battery  
Char-charged battery  
Char-charged battery  
Do need one? - do you really need one?  
My own device is my advice for life  
Life - it can't be lived through twice

I don't understand when you say - what?  
I don't understand when you say - go!  
I'm attacked when you say -  
I'm not gonna live it on and on!
