

You told me this
You told me that
You tried to tell me you wore many hats
You sold me that
You sold me this
You took a swing but you certainly missed

I don't care what you say
I will never listen anyway
You have led me astray
Now we all will have a price to pay

You fucked it up
You fucked it up
You fucked it up
You had one job to do
You fucked it up
You fucked it up
You fucked it up
No one else, just you
You fucked it up

You told me that
You told me that
You sold me that
You sold me this
You told me that

I don't care what you say
I will never listen anyway
You have led me astray
Now we all will have a price to pay

You fucked it up
You fucked it up
You fucked it up
You had one job to do
You fucked it up
You fucked it up
You fucked it up
No one else, just you
You fucked it up

I'm not trying to cross the line
You have really fucked up this time
What the fuck did you have in mind?
We might not come back at all this time

What the fuck did you say?
What the hell? It's too late!
You fucked it up
You fucked it up
What the fuck did you say?
What the hell? It's too late!
You fucked it up
You fucked it up, just you

You fucked it up
You fucked it up
You fucked it up
You had one job to do
You fucked it up
You fucked it up
You fucked it up
No one else, just you
You fucked it up
