

# Disappear

The Kooks

Would you like it if I made you my target  
And I took us both away?  
Because I would like to, oh, be that one who  
Makes your pain disappear

Oh, disappear, disappear, disappear  
Disappear, disappear, disappear

Would you like me if I took you out to a party  
And I found out who you were?  
Because I would like to, oh, be that one who  
Makes your pain disappear

Let's disappear, disappear, disappear  
Disappear, disappear, disappear  
Let's disappear, disappear, disappear  
Let's disappear, disappear, disappear

So come on down, love, don't let your feet hit the ground, love  
'Cause I seem to know who you are  
Because I would like to, oh, be that one who  
Makes your pain disappear

Let's disappear, disappear, disappear  
Let's disappear, disappear, disappear  
Let's disappear, disappear, disappear  
Let's disappear, disappear, disappear  
Yeah

So here we are, look, I, I see your smile, love, I  
Don't you see who I am?  
I've got no answers for you, I, I've got no answers for you, I  
Don't you see who I am?

Oh, disappear, disappear, disappear  
Let's disappear, disappear, disappear  
Let's disappear, disappear, disappear  
Let's disappear, disappear, disappear

Would you like it if I made you my target  
And I made your pain disappear?
