

## Give In

The Kooks

I want you  
And you want me  
there's nothing stopping you  
from kissing me  
So I'm tearing my heart  
because I won't do

Give in to your heart  
and don't let him sell you out  
Give it to your heart and I won't let  
you to be sold out

I need you  
Do you still want me?  
There's nothing stopping us  
from touching each other

And you're tearing your heart  
because.. 'cause I already have you

Give in to your heart  
and don't let life be bought over  
Give in to your heart  
and don't let him sell you out  
him sell you out

Give in, give in, give in to me
