

# If They Could Only Know

The Kooks

Fighting about what we have for lunch  
Twisting around at the Eiffel Tower  
Remembering the ones who left us  
I miss my granny's cooking

Oh if they could only know  
How we found each other  
If they could only see  
That we're finally happy you and me  
I was walking in the desert  
And now I'm jumping in the water

Trying to decide which path to take  
Any one you choose you're gonna be late  
I miss my father I never knew

Oh if they could only know  
How we found each other  
If they could only see  
That we're finally happy you and me  
I was walking in the desert  
And now I'm jumping in the water  
I was lonely in the desert  
And now I'm jumping in the water

And in the end  
Around the bend we go  
On and on and on and on  
On and on and on

I miss my father I never knew

Oh if they could only know  
How we found each other  
If they could only see  
That we're finally happy you and me  
I was walking in the desert  
And now I'm jumping in the water

Oh if they could only know  
How we found each other  
If they could only see  
That we're finally happy you and me  
I was walking in the desert  
And now I'm jumping in the water  
I was lonely in the desert  
And now I'm jumping in the water
