

## Is It Me

The Kooks

Is it me, is it you  
Is it the times that we're living through  
Was it hard when I had to leave  
That day you seemed to change  
We all need someone to guide us  
Someone to introduce the show  
I needed someone just like you  
Someone to let me know  
I could lose it all

Well I began to breakdown  
Searching overtime  
Bring me a pig's heart  
And a glass of wine  
There was nothing that you could've done  
There was nothing that you should've said  
We're both still chasing shadows in our heads  
It was all too soon

But is it me, is it you  
Is it the times that we're going through  
Was it hard, did your heart breakdown  
Is your mind still in control  
There is a violence in love  
Some things I'll never understand  
So where the bullets missed you out  
They hit me and I'm falling down again

Well I began to breakdown  
Searching overtime  
Bring me a pig's heart  
And a glass of wine  
There was nothing that you could've done  
There was nothing that you should've said  
I'm still chasing shadows in my head  
It was all too soon

Was it me, was it you  
Was it the times that we're living through  
On my way to see you again  
You were my only friend  
I know you needed someone to guide you  
And the world you should've owned  
I needed someone to guide me  
Someone to let me know  
I could lose it all
