

# Petulia

The Kooks

Say it's just right when you're around  
Take a drive, take a drive to town  
Meaningful, nothing but you  
Petulia, you're in my blood again

Like a heart undone  
Like a love without a sound  
Like a heartbeat  
Moving through me

Say it's just right  
Life on my brown  
Take it low  
Take a drive to town  
Meaningless, everything but you

Petulia, let's make a wish  
For a heart undone  
A love without a sound  
Like a heartbeat  
Moving through me

Like a heart undone  
Like a love without a sound  
Like a heartbeat  
Moving through me
