What if you flip but it's OK when you're on my tip
Take off your shoes, don't spread my business news
Reachin for the rubber tips it's time to pay your dues
Two girls in the back, bring your friend, make it three
It's the big thing honey, that's the policy
I got to pull down and bring the steel home for you
Break the headboards and tell your girlfriends come over too
Put my motorcycle helmet on and feel the power
Rock and lift the boots, spank the lips for a hour
The mack is back, doin good and lookin fly (2x)

Yeah, I must show up, scope the cheeks well with clientele
When a sister wants to see me, I should not really tell
I bought some movies, some strippin joint type of coolies
Boots and thongs, girls flip on my theme songs
They know I damage, with gloves my equipment's on
I got a cape, like Superman, I'ma put it on
Grab the vaseline, make your hiney shine like Mr. Clean
With a purple G-string, you wanna do your own thing
Girls dance for me, pumpin over me
Big sniff is back, word to honey's crack
The mack is back, doin good and lookin fly (2x)
Keith is in town, it sho' was good goin down
The mack is back, doin good and lookin fly
